

Air: Alphabet City Magazine 15 (Hardback)

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

MIT Press Ltd, United States, 2010. Hardback. Book Condition: New. 163 x 130 mm. Language: English . Brand New Book. The thin layer of atmosphere that clings to the surface of our planet is a fragile and corrupted brew. Air is in constant, restless migration around the globe, connecting us in the most intimate fashion. From the dust storms that sweep into Beijing from faraway deserts to the smog from Chinese factories that shrouds Los Angeles, our air, the ultimate commons, is tragically defenseless. Breathing air is an involuntary physical function, but keeping the air breathable requires acts of political imagination and will. Air considers the condition of this basic component of life on earth from a range of perspectives. It reveals the thick materiality of air, air as stinky, clotted, corrupted matter--in a word, dirty. We see the stuff of air in the form of molecules from disintegrating artworks, or as the material for building forms; as the bearer of scents and germs and as the substrate for communications both digital and pneumatic. Here, an asthmatic strains to inhale the air that bears the cause of her distress; a philosopher muses on the intelligibility of air; an artist dreams of being the accountant of dust; and city construction sheds are replaced by a floating urbanCLOUD. Air leads us to perceive air, and the imperative to protect it, anew.
