Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

After spending some years at sea, he reached California in 1858, became a printer, and later a journalist and director of the public library in San Francisco. In 1871 he published Our Land Policy, and this was afterwards developed into Progress and Poverty: an Inquiry into the Causes of Industrial Depressions, and of Increase of Want with Increase of Wealth, issued in 1879. The book soon acquired a world-wide reputation, not only from the eloquence and beauty of its diction, but from the authors novel theory of land taxation. In 1880 George removed to New York, published a book on the Irish land question, and for some years afterwards undertook a succession of missionary journeys to Great Britain, Australia, and New Zealand, the result of which was the foundation of the English Land Reform Union, the Scottish Land Restoration League, and the legislative adoption by the different Australasian colonies of his scheme of the taxation of land values. Among other economic works he issued were Protection or Free Trade, The Condition of Labour, and A Perplexed Philosopher. George died on October 29, 1897.
