

The Shaking Woman or A History of My Nerves

By Hustvedt, Siri

Henry Holt and Co., 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!
Summary: "Siri Hustvedt, one of our finest novelists, has long been a brilliant explorer of brain and mind. But recently this investigation has taken a more personal turn: two years after her father's death, while speaking about him in public, she suddenly found herself seized by convulsions. Was this 'hysteria,' a 'conversion reaction,' or a 'coincidental' attack of epilepsy? The Shaking Woman is the storyprovocative but often funny, encyclopedic but down to earthof her attempt to answer this question. It brings together an extraordinary double story: that of Hustvedt's own odyssey of discovery, and of that point where brain and mind, neurology and psychiatry, come together in the realm of neuropsychanalysis. The odyssey has not cured her, nor led to a conclusionbut Hustvedt's erudite book deepens one's wonder about the relation of body and mind." Oliver Sacks
"That Siri Hustvedt is a splendid writer is well known. The news is that life conspired to have her seek a working mastery of neuroscience. In her wonderful new book, part memoir, part mystery story, she explains this unexpected turn of events and offers the reader..."
