By Gregg Braden

Hay House Inc, United States, 2009. Other digital. Book Condition: New. 190 x 134 mm. Language: English . Brand New Book. In The Science of Miracles, you will discover paradigm-shattering revelations that demonstrate why we are not limited by the laws of physics and biology as we know them today, and why our DNA is a code that we can change and upgrade by choice! The implications of these discoveries are vast, powerful, and for some, challenging. They show us, beyond a reasonable doubt, that we can reverse disease, redefine aging, create peace between nations, and even change reality itself through the focused power of belief and heart-based emotion. It is these seemingly miraculous abilities that create the lifeaffirming joys in our lives that become the reality of our world. They are all based on the same principle!
