EMP: EQUIPPING MODERN PATRIOTS: WITH A STORY OF SURVIVAL

[DOWNLOAD](#)

Apoc Publishing. Paperback. Book Condition: New. Paperback. 358 pages. Dimensions: 8.9in. x 5.9in. x 0.5in. EMP: Equipping Modern Patriots is a harrowing story of survival following the destruction of the electric grid and nearly every electronic device in the country. Can you imagine a world with no phones, no TV, no internet, and no way to access your bank account Without the electric grid, there would be no lights, no heating or air conditioning in your house, no public water, and the sewer would likely back up into your home. Without modern vehicles or interstate trucking, the supermarkets would quickly run out of food and supplies. Unprepared, the government would be helpless to feed the masses and maintain order. Our humanity is questioned when survival of the fittest becomes reality. Jonathan Hollerman paints a vivid and disturbing picture of society falling apart after an Electromagnetic Pulse attack against our nation. This is not only a thrilling story, but offers practical life-saving advice for an imminent threat. If you enjoyed Patriots by James Wesley Rawles or One Second After by William Forstchen, then you will enjoy this story of survival. 2nd Edition (Jan 8th, 2014) has been professionally edited. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
